Education

Indian Institute of Information Technology (IIIT), Bhagalpur

Dec 2021 – May 2025

Bachelor of Technology in Electronics and Communication Engineering

Bhagalpur, Bihar

CGPA: 8.09 (Absolute Grading)

Experience

Fareportal(Product Based)

Jun 2025 – Present

Data Engineer

Gurgoan

- Orchestrated **Zero-Dollar Auth & fraud check** workflows **pipelines** across **US Airline Txns**, screening **100K+** **booking** attempts, cutting **payment failures** by **18%**, lowering **card-decline** incidents by **22%** before ticket issuance. **refresh cycles** for **air, car & lodging** datasets using **Microsoft Graph** with **MSAL**, ensuring **SQL** storage updates
- Innovated **Loyalty Signup** Recognition System using **SQL window**, deduplication logic, **10+ source and platform** attribution, ensuring **99.91%** accurate user reporting across **Google, Apple, Facebook, Email, and CallCenter**
- Spearheaded **product analytics & conversion** intelligence by **analyzing 1M+** user events spanning **installs, searches, bookings**, and churn signals, uncovering funnel leakage patterns that **increased engagement** by **14%**.

Assessli OneOath

Sep 2024 – May 2025

Full Stack Developer intern

Kolkata

- Cultivated and **optimized** user-centric **web interfaces**, collaborating with a team of **4-5 UI/UX** designers to ensure a consistent design language, seamless **user experience** and **core functionality** and **business logic** for **product modules**, delivering approximately **90%** of critical program **solutions** on schedule.

GirlScript Summer Of Code (GSSoC '23)

May 2023 – Aug 2023

Mentor & Software Developer

Delhi

- Guided **contributors** to **effectively navigate and tackle complexities** in an **open-source** ecosystem over **3** months. Collaborated with **top-tier developers** while fostering **98%** growth ensuring **high-quality code** submissions.

Projects

AI-News LLM | FastApi, Python, Google Gemini, Streamlit, Hugging Face, LangChain, Kaggle, Pytorch | May 2024

- Built an **end-to-end** news generation platform integrating **ML frameworks** and **NLP tools**, using **FastAPI** and **Streamlit**, handling **1000+** daily requests with **99.9%** uptime and automatic error recovery mechanisms
- Led the training infrastructure setup on **Google Colab Pro**, processing **50,000+** news articles for model **fine-tuning**, resulting in **85%** improvement in content relevance and factual accuracy.

E-Learning Platform | React, Node.js, Express.js, JavaScript, MongoDB, Razorpay | May 2024 – Jun 2024

- Built a comprehensive **portal** facilitating interaction among **12k students, instructors**, and academic institutions.
- Managed database queries and enhanced backend performance, Assuring a **smooth and scalable** user exp for **21** course **enrollment, content delivery**, real-time collab And payment processing via **Razorpay**

Sukunly-Hayasaka | Next.js, React.js, MongoDB, Savan-API, JavaScript | Aug 2023 – Oct 2023

- Developed a **music** streaming platform for **99K+** users with **personalized recommendations, search optimization, playlist management**, and secure **OAuth** based authentication.

Skills

Web Development: React.js, Api, Node.js, MongoDB, HTML5/CSS3, Mern, Streamlit, SpringBoot, Tailwind, Ui/Ux

Data science: Power Bi, DataBase Management System, Sql, Tableau, Excel, Hugging

Face, LangChain, Py Torch, TensorFlow, Pandas, NumPy, Kaggle-Dataset, NLP, LangGraph, Rag, scikit-

learn, matplotlib, seaborn, pycaret, Big Data, PySpark, Hive, Scala, Predictive Modeling, FineTune

Programming: C++, Java, Python, JavaScript, Data Structures and Algorithms, Sql, MySQL, PostgreSQL

Tools / Platforms: Git, GitHub, REST APIs, Vercel, Cloudinary, Render, Docker, Aws, Jupyter Notebook

Coursework: DBMS, Operating Systems, OOPS, Computer Networks, AI, Machine Learning(ML)

Achievements & Certifications

- * **AIR-1** in **Naukri Campus Young Turk'25**, organized by Naukri.com.
- * **AIR-68** in **all-India Placement Test '24**, organized by IIT Kharagpur.
- * **ServiceNow Certified System Administrator** and **Certified Application Developer** (2024).
- * **Smart India Internal Hackathon:** Led a team to finish in the top 5 among 37+ teams.
- * **Social Summer of Code (SSOC'23):** Selected as a contributor and worked on multiple open-source projects.
- * Solved **700+** coding problems across **LeetCode, GFG, CodeChef, Codeforces**, and **HackerRank**.
- * **Coderush 4.0: The IVP Hackathon:** Advanced to Stage 2.
- * **Flipkart Hackathon:** Cleared Level 2.

Positions of Responsibility & Extracurricular

- * **Campus Ambassador '24:** Representing Coding-CN, PrepBytes, Zuno, promoting campus-wide events and courses.
- * Represented Drama Club at **IIT-BHU's Kashiyaatra '23** and **IIT Patna's Anwesha '23**.
